YOU WANT TO SUCCEED?

Okay, than succeed.

Deserve it.

How?

Outwork everybody in sight.

Sweat the small stuff.

Sweat the big stuff.

Go the extra mile.

But whatever it takes put your heart and soul into everything you do.

Let it all out.

But that won’t happen unless you choose to make it happen.

Success is not a lucky break.

It’s not a divine right.

It’s not an accident of birth.

Success is a choice.

How’s Your Mindset?

www.getwsodownload.com

1. Am I doing everything I can to be effective with my time?
2. Do I blame others for my results?
3. Am I doing all that I can to learn and become a better salesperson?

What is mindset?

1. Attitude
2. Belief
3. Composure

Why does mindset go bad?

1. Choice
2. Other people effect it
3. Circumstances
4. Bad hairday

How do we overcome it?

1. Be an example
2. Stay positive
3. Work through tribulation
4. Stay focused

Be a champion in mindset

1. The most successful people have overcome this issue.

Winners Vs. Losers

When a winner makes a mistake, he says, “I was wrong;”

www.getwsodownload.com

When a loser makes a mistake, he says, “It wasn’t my fault.”

A winner works harder than a loser and has more time;

A loser is always “too busy” to do what is necessary.

A winner goes through a problem;

A loser got around to it, and never gets past it.

A winner makes commitments;

A loser makes promises.

A winner says “I’m good, but not as good as I ought to be.”

A loser says, “I’m not as bad as a lot of people.”

A winner listens;

A loser just waits until it’s his turn to talk.

A winner respects those who are superior to them and tries to learn something from them;

A loser resents those who are superior to him and tries to find chinks in their armor.

A winner feels responsible for more than his job;

A loser says, “I only work here.”

A winner says, “There ought to be a better way to do it.”

A loser says, “That’s the way it’s always been done here.”

HOW SAD IT WOULD BE FOR YOU AND THE PROSPECT TO MISS A SALE BECAUSE YOUR OWN BELIEF AND DESIRE TO HELP THE PROSPECT OWN YOUR PRODUCT IS NOT AT LEAST AS INTENSE AND DEEP AS THAT OF THE PROSPECT.

How to handle adversity in the workplace has much more impact on your career than how you handle the good stuff. When pessimistic people run into obstacles in the workplace, in relationships or in sports, they give up. When optimistic people encounter problems they try harder.

The people who know how to overcome adversity are the ones who rise to the top of the organization.

-Martin Seligman

MY ATTITUDE

The longer I live, the more I realize the impact of attitude on life. Attitude, to me, is more important than facts. It is more important than the past, than education, than money, than circumstances, than failures, than successes, than what other people think or say or do. I is more important than appearance, giftedness or skill. It will make or break a company—a church—a home. The remarkable thing is you have a choice everyday regarding the attitude you will embrace for that day. We cannot change our past. We cannot change the fact that people will act in a certain way. We cannot change the inevitable. The only thing we can do is play on the one string we have, and that is our attitude. I am convinced that life is 10% happens to me and 90% how I react to it. And so it is with you… You are in charge of your attitudes. -Author Unknown

There is one given….

If you want to be successful. When it comes to work ethic there can be no compromise. Any other promise of achievement is fool's gold.

The bottom line: Nothing meaningful or lasting

Comes without working hard at it.

We want to reach our dreams but often lack the proper direction necessary to see those dreams come true.

We seem to be forever floundering without knowing why, our good intentions wasted, all but programmed for failure.

We all want to be recognized for what we do.

The problem is that many of us don't know how to get there. Most of us, of course, don't have a "coach" following us around in our lives to make sure we're on track.

A "Coach" can show you how to create discipline in your life, establish work ethic, create a sense of self esteem in yourself, teach you how to fight through the inevitable adversity we all encounter in life, and be able to accomplish things you never dreamed possible.

The measure of a person's success is not in the number of their servants, but in the number of the people whom they serve. I do not know where your destiny will be, but I do know that those among you that achieve success beyond your ability to envision are those who will have sought and learned how to serve.

Success seems to be connected with action. Successful Men keep moving. They keep making mistakes but they don't quit.

All the time I spend wishing, wanting, waiting, wandering, weeping and wailing is wasted. Only working will produce what I want.

-Joe R. Zug

Whether You Think You Can or You Think You Can't

You're Probably Right.

If you think you are beaten, you are;

If you think that you dare not, you don't;

If you'd like to win, but you think you can't,

It's almost certain that you won't.

If you think you'll lose, you've lost;

For out in the world you'll find,

Success begins with a fellow's will

It's all in the state of mind.

If you think you'll lose, you've lost;

You've got to think high to rise;

You've got to be sure of yourself before

You can ever win a prize.

Life's battles don't always go

To the stronger or faster man;

But sooner or later than man who wins

is the man who thinks he can.

THE GREATEST RISK IS NOT TAKING ONE

They do not write stories of those who played it safe. Yet that is what most of us do. It is inherent in our nature to avoid risk. From the earliest age there is something that tells us to sidestep danger. Perhaps because of that, there is also something in us that admires the risk taker, the adventurer, the person with the courage to step up to the edge of the precipice and believe that he can make it to the other side.

But it doesn't mean leaping blindly. You can go after your dream with fiery determination, armed with the confidence of knowing you have chosen a business partner wisely. You see, few have the resources we do. The imagination. The sheer ability and flexibility to custom-tailor solutions, no matter what the risk is, no matter where the risk. Even if it's some crazy idea, like walking on the moon for instance.

Great minds will

Encounter resistance

From feeble minds.

Recognize this,

Resistance for what it is,

Is an attempt to keep

Everyone the same…

Mediocre.

Don’t Quit

When things go wrong as they sometimes will,

When the road you’re trudging seems all uphill,

When the funds are low and the debts are high,

And you want to smile but you have to sigh,

When care is pressing you down a bit—

Rest if you must, but don’t quit.

Life is queer with its twists and turns,

As every one of us sometimes learns,

And many a person turns about

When they might have won had they stuck it out.

Don’t give up though the pace seems slow—

You may succeed with another blow.

Often the struggle has given up

When he might have captured the victor’s cup;

And he learned too late when the night came down,

How close he was to the golden crown.

Success is failure turned inside out—

So stick t the fight when you’re hardest hit, --

It’s when things seem worst that you mustn’t quit.

The Bottom Line

FACE IT. Nobody owes you a living. What you achieve or fail to achieve in your lifetime is directly related to what you do or fail to do. No one chooses his parents or childhood but you can choose your own direction. Everyone has problems and obstacles to overcome but that is relative to each individual. NOTHING IS CARVED IN STONE, you can change anything in your life, if you want to badly enough. Excuses are for losers: those who take responsibility for their actions are the real winners in life. Winners meet life's challenges head on knowing that there are no guarantees, and give it all they've got, and never think it's too late or early to begin. Time plays no favorites and will pass whether you care or not. TAKE CONTROL OF YOUR LIFE.

Dare to dream and take risks…

Compete.

If you aren't willing to work for your goals, don't expect others to.

Believe in yourself.

PARADOXICAL COMMANDMENTS OF LEADERSHIP

People are illogical, unreasonable, and self centered.

Love them anyway.

If you do good, people will accuse you of selfish ulterior motives.

Do good anyway.

If you are successful, you win false friends and true enemies.

Succeed anyway.

The good you do today will be forgotten tomorrow.

Do good anyway.

Honesty and frankness make you vulnerable.

Be honest and frank anyway.

The biggest men with the biggest ideas can be shot down by the smallest men with smallest minds

Think Big anyway.

People favor underdogs but follow only top dogs.

www.getwsodownload.com

Fight for a few underdogs anyway.

What you spent years building may be destroyed overnight.

Build anyway.

Give the world the best that you have and you'll get kicked in the teeth. GIVE THE WORLD THE BEST YOU HAVE ANYWAY.

SHAKE IT OFF

One day a farmer's donkey fell down into a well. The animal cried piteously for hours as the farmer tried to figure out what to do.

Finally, he decided the animal was old and the well needed to be covered up anyway. It just wasn't worth it to retrieve the donkey.

So, he invited all his neighbors to come over and help him. They all grabbed a shovel and began to shovel dirt into the well.

At first, the donkey realized what was happening and cried horribly. Then, to everyone's amazement he quieted down. A few shovel loads later, the farmer finally looked down into the well and was astonished at what he saw.

With every shovel of dirt that hit his back, the donkey was doing something amazing. He would shake it off and take a step up. As the farmer's neighbors continued to shovel dirt on top of the animal, he would shake it off and take a step up.

Pretty soon, everyone was amazed as the donkey stepped up over the edge of the well and trotted off.

Moral: Life is going to shovel dirt on you. All kinds of dirt. The trick to getting out of the well is to shake it off and step up. Each of our troubles is a stepping stone. We can get out of the deepest wells just by not stopping, NEVER GIVE UP! Shake it off and step up!
